

Campus Safety

Covenant College has an open “private” campus. While this affords freedom of movement for the campus community, it also means that access to campus facilities is not limited to members of the campus community. It is essential that students take precautions to avoid unfortunate incidents with unwelcome campus visitors.

All students will be issued an ID card at the beginning of their first semester’s enrollment. This card is meant to last from year to year, so students should keep careful track of it. All College employees are also given IDs when they begin employment at the College. All members of the community are expected to carry their ID while on campus and to present it to College, security, or law enforcement personnel upon request.

The ID card serves as a key to the card access doors located on all residence halls and certain academic buildings. Residence Halls are locked at all times. Non-residence buildings are locked between 9:00 p.m. - midnight nightly during the security guard's rounds. They are unlocked prior to 7:00 a.m. when the guard goes off-duty. All card access issues are handled by the Safety and Security Office.
