Major and Supporting Course Requirements

Lower Division Common Business Core
The following courses compose the Common Business Core (CBC) that must be completed prior to admission into upper division (300-400 level) courses. Only two of the CBC courses may be transferred in from another institution. Of these two courses, only one may be from the accounting sequence and one from the economics sequence. MAT 141. College Algebra is a prerequisite for ECO 201, 202 and MAT 144.

2011-2012 Requirements for Major in Natural Science with Concentration in Pre-engineering Studies

The core and distribution requirements for a major in natural science, concentration in pre-engineering studies are outlined below. Exceptions can be made depending on the particular requirements of the school to which a transfer is planned for completion of the dual degree program. A GPA of 3.0 for all courses as well as math, science, and engineering courses must be maintained to improve consideration of acceptance into an engineering program.

The choice of Engineering Electives is dictated by the choice of engineering field the student goes into. The student is responsible for communicating their interests to their advisor so appropriate choices can be made. For example, Chemical Engineering majors would choose Organic Chemistry I and II as their electives, while Mechanical Engineering majors would choose Statics and Dynamics.

Students must complete at least 96 semester credits at Covenant College with a grade point average of 2.00 or higher.

Students attending institutions employing the quarter system should complete a minimum of 45 credit hours in their major science or engineering program with a minimum GPA of 3.0 on a 4-point scale.

Students attending institutions employing the semester system should complete a minimum of 30 credit hours in their major science or engineering program with a minimum GPA of 3.0 on a 4-point scale.

History
The core and distribution requirements for a major in history are those listed for baccalaureate degrees on page 24 with the exception that a course in literature or philosophy is required to fulfill the humanities distribution requirement and a student may not take a politics prefixed course to meet the social science distribution core requirement.

Advanced placement for U.S. History Survey I or II or European Survey allows students to immediately enroll in 200- and 300-level history electives. Students will still need to take 39 credit hours in history, but they are exempted from taking HIS 111, HIS 112 or HIS 214 if they have taken an advanced placement course in the corresponding area. The advanced placement hours awarded will be credited to the graduation requirement of 126 hours.

History with a Concentration in Political Studies

The core and distribution requirements for a major in history with a concentration in politics are those listed for baccalaureate degrees on page 24 with the exception that a course in literature or philosophy is required to fulfill the humanities distribution requirement and a student may not take a politics prefixed course to meet the social science distribution core requirement.

Advanced placement for U.S. History Survey I/II or European History Survey allows students to immediately enroll in 200- and 300-level history electives. Students will still need to take 27 credit hours in history and 18 credit hours in politics, but they are exempted from taking HIS 111, HIS 112 and/or HIS 214 if they have taken an advanced placement course in the corresponding area. The advanced placement hours awarded will apply toward the graduation requirement of 126 hours.

Advanced placement for U.S. Government and Politics or Comparative Government and Politics allows students to immediately enroll in 200- and 300-level politics electives. Students will still need to take 27 credit hours in history and 18 credit hours in politics, but they are exempted from taking POL 200 or POL 202 if they have taken an advanced placement course in the corresponding area. The advanced placement hours awarded will apply toward the graduation requirement of 126 hours.

Natural Science – Nursing Degree Program with Vanderbilt University

Covenant participates in a dual-degree program leading to a Master of Nursing Science at Vanderbilt University in Nashville, Tennessee. Students attend Covenant for three years and apply to Vanderbilt’s graduate school during their junior year. After successfully completing the first two semesters at Vanderbilt, the student would graduate from Covenant with a baccalaureate degree in natural science. After another full year and one term at Vanderbilt, the student would graduate with a master’s degree with a specialty in adult health care, primary care, psychiatric-mental health, perinatal nursing, neonatal nursing, parent, child and adolescent, or nursing administration. Further general information on the Vanderbilt MSN programs can be found at http://www.nursing.vanderbilt.edu/msn/index.html and more specific information about the dual degree partnership programs can be found at http://www.nursing.vanderbilt.edu/msn/snryria.html.

Important notes: 1) Although Covenant students have been successful in the Vanderbilt MSN admissions process, admission is competitive and is not guaranteed by simply completing Covenant’s program requirements. 2) Because of the rigorous nature of this program, a minimum combined SAT score of 1100 (sum of the critical reading and math section scores), or composite ACT score of 24 is normally required for those entering the program. Interested students with lower test scores should consult the Biology Department chair before registering for courses required in the program. 3) In order to finish the Covenant portion of the dual degree requirements in 3 years, students in the program may need to take the required Microbiology course and a science elective course during a summer term before enrolling at Vanderbilt. Suitable courses are widely available at community colleges and may be available during Covenant’s May term. Before taking a summer course, students should get the course approved for transfer (See Professor Wenger).
