Room Specific Policies

To receive an on-campus room assignment, students must be between the ages of 17-25, enrolled in a minimum of 12 credit hours per semester, and actively pursuing a degree. Student Development reserves the right to assign rooms and roommates, reassign students who are without roommates, overload rooms (when the need arises), and terminate room contracts when necessary. Room fees are based on maximum room capacity.

Room Contracts

At the beginning of the semester of residency, students must sign a room contract with the college. This contract is an agreement between the student and Covenant College for the duration of the academic year explaining for what each party is responsible. Students accept these responsibilities upon signing the contract. Students may not sublease their room. An example of the contract is reprinted at the end of this manual for reference.

Housing Sign-up Process & Policies

For more information about the Housing Sign-up Process, view the Residence Life webpage starting in March 2022.

Room Changes

Changing rooms and/or roommates during the academic year is not permitted. However, in the event that circumstances indicate the need for a change and when all other prescribed paths for reconciliation have been exhausted, students must secure permission and final approval from the Resident Director and the Associate Dean of Students for Residence Life before a new room or roommate assignment is effective.

Combining Rooms (Sleep/Study Set-Up)

Students who want to set up a sleep/study with another room on the hall (or within their suite) must obtain a Sleep/Study Room Request Form and have it approved by the Resident Director. All residents must agree to the combination. No more than two rooms may combine with each other. Rooms with freshmen may not be combined until after Fall Break. Residents will be held responsible for the room, key, and room rate charge that they were originally assigned.

Room Availability During Breaks

The residence halls will be open for occupancy when the College is in session and over Fall, Thanksgiving, Spring and Easter Breaks. Remember during these break times there is limited or no meal service on campus. Students may be asked to stay in other rooms on campus. Students may not stay in the residence halls during Christmas and Summer Breaks.

Keys & Security

Each student will receive and sign for a key upon arrival in the residence hall. If a key is lost or broken, the replacement fee is \$25. Room keys belong to Covenant College and may be recalled at any time. Keys are not to be duplicated. **Covenant College strongly encourages residents to keep their rooms locked at all times and purchase renter's insurance for the duration of their stay in the residence hall.**

Early Arrivals & Late Departures

Students must follow the stated times for move-in and move-out days at the beginning and end of each semester. If students are not staying on campus during these extra days, they may not keep their belongings in their room. Students who move in earlier or leave later than the stated dates will be charged \$100/day.

Returning students must wait until the residence halls have been opened for all students (even if their sibling is a new student). Department supervisors for students needing to arrive early to work for the college must submit an early arrival request to Conference and Event Services and must receive permission from the Associate Dean of Students, Residence Life.

Care & Safety of Residence Hall Rooms

Wall Decorations

Students should use caution when using fasteners to hang decorations or other items on the residence hall walls, and must abide by the approved and unapproved fasteners listed below:

Room Inspections

Covenant College reserves the right to have authorized college personnel enter any student's housing area for the purpose of inspection, maintenance and/or repairs, health and safety, and/or violations of college rules and regulations. Resident Assistants will conduct safety inspections several times during the academic year.

Furniture

All college furniture in a room at time of check-in must stay in the room for the year (the only exception is for approved sleep/study rooms). All mattresses at Covenant are extra long twin (38" x 80"). College beds cannot be lofted or triple-bunked. College furniture must not be removed from individual rooms or common spaces.

Appliances

Electric stoves, George Foreman-type grills, Halogen lamps, toaster ovens, toasters, air conditioners, space heaters, hot plates, and other open-coiled appliances are not permitted in residence hall rooms. Each room may have one small microwave and one refrigerator that does not exceed 5 cubic feet in capacity, with an electrical rating of 120 volts and no more than 2.0 amps when in operation. Small appliances with fully enclosed heating elements that are UL approved, such as coffee makers, irons, and small microwaves (1,000 watts or less) are permitted.

Cleanliness

Students are responsible for the cleanliness of their own room, from the outside of the door to the outside of the window. Each room should allow safe and unobstructed passage to the door or external windows at all times. Each resident is required to participate in campus-wide Cleaning Day (usually required to be completed by 4pm on the Saturday prior to final exams). Cleaning expectations for Cleaning Day are communicated by the Residence Life Staff and fines are given for dissatisfactory cleaning.

Damage & Repair

Students are responsible for the condition of their rooms from the outside of the door to the outside of the window. Students must complete a Room Condition Report with their roommates when they check-in. Students are held responsible for any action which intentionally or unintentionally results in damage to the buildings, grounds, or college-owned furnishings. If an individual assumes responsibility, he/she will be charged the total cost of repairs. Damages for which the responsible person cannot be determined may be billed in the following ways: 1) damages within a specific room may be divided equally and billed to all members of that room, 2) damages within a specific hall, floor, or building may be divided equally and billed to all members of that hall, floor, or building.

If an item is damaged, students must complete the online [Maintenance Request Form](#) to request repair or removal assistance from the Facilities Department. Students must complete the Maintenance Request Form as soon as the damage is discovered.

Insurance

Covenant College does not provide insurance to cover losses from vandalism, theft, weather, maintenance issues, or any other damage to your personal property, nor is the college liable for any of the above damages. If you desire insurance to cover personal property, we suggest you check to see if you are covered under your family's existing home insurance or contact an insurance company such as [Worth Ave. Group](#).

Building Specific Policies and Information

Visitation & Overnight Guests

All visitors are under the same residence hall regulations and campus expectations as current students. Student hosts are responsible for the actions of their guests. Any visitor who fails to comply with regulations will be asked to leave campus. Family members of the opposite sex may visit the hall of their family member only if approved by the RD and accompanied by their student host.

Overnight guests must be approved by the RD and by all roommates of the student host. Student hosts must complete the Overnight Guest Form for RD approval. Overnight guests must stay on a hall of their same sex and cannot stay more than three consecutive nights twice a month.

Open Hall Hours

Students and off-campus guests may visit halls of the opposite sex on Fridays and Saturdays from 4-11pm, and Sundays from 4-8pm. If students have a guest of the opposite sex in their room, the door to the room must be open 90° or more and there must be at least one unobstructed light on (other than the light from the TV).

Students should not wait for an RA to ask them to leave, but should take responsibility to be out on time. Anyone who creates an uncomfortable environment may be confronted by any member of the community. Residence Life staff members reserve the right to require members of the opposite sex to leave the hall or common areas. Please be courteous and respect the privacy of any resident who does not wish to participate in open hall hours. As a resident, communicate your privacy expectations with roommates and/or hall mates.

Quiet Hours

Residence halls are designed for sleep/rest, study, and socializing (listed in order of decreasing priority). Students are expected to keep the noise of their relaxation or entertainment within the confines of their own room at all times. Additional quiet hours may be mandated by Residence Hall staff. The following times have been designated as Quiet Hours for all residence halls: 11:00pm-9:00am, seven days/week. 23-hour Quiet Hours will be in effect during exams. See Student Handbook.

Student Hours

Students are encouraged to be in their residence hall by 12am (Sunday through Thursday) or by 1am (Friday and Saturday). Covenant does not have a check-in/check-out policy, so students are encouraged to leave contact and travel information with a friend. We want all students to make sure that someone back on campus is aware of their plans when they are leaving campus for an extended period of time.

Building Lobbies, Hall Commons, & Hallways

State fire codes require that hallways be kept clean and clear so that the buildings can be evacuated quickly in the case of an emergency. Students may not leave any belongings in the building lobbies, hall commons, or hallways. Dishes and food left in common area kitchens overnight will be discarded each morning. College furniture is not to be taken out of public areas.

Fire Safety Regulations

Keep hallways clean and clear to facilitate evacuation in case of emergency. Do not leave belongings in lobbies, common rooms or hallways. Personal items left in common spaces or hallways will be confiscated by Facilities Services and kept in the RD office for two weeks. During this time period, students can pick up the confiscated item for a \$10 fee. After this time period, items will be donated or discarded.

Housekeeping Services

Vacuums are available in each residence hall for student use, and toilet paper is available from Facilities Services. Students are responsible for providing the remainder of their cleaning supplies. Hallways, common areas, and public bathrooms are cleaned by Facilities Services on a regular basis during the week. Trash must be placed in the trash cans in the commons or cleaning closets on each floor.

Laundry: Washers and dryers are available for student use. Belongings left unattended in the laundry room for more than a few hours may be removed and confiscated by the college.

Storage

Students can access storage by contacting an RA on duty on Monday-Thursday between 7-10pm. Students who live less than 300 miles away from the school can store two bins and one personal item in storage during the year and over the summer. Students who live more than 300 miles away from the school can store three bins and one personal item in storage during the year and over the summer. Only current students who are returning for the next semester can store items in storage during Christmas or summer break. Storage areas are locked, but we accept no responsibility or liability for items left in storage (see [insurance section](#)). Students/residents should proceed at once in an orderly fashion to a pre-selected area of safety on the ground floor or basement and remain there until the Tornado Warning has been cancelled. All students should remain in this designated area until authorization to leave is confirmed by a Covenant official. Student Apartments Appendix

Welcome to the Covenant College Student Apartments!

Covenant College tries to assist students with their personal growth and community responsibilities. The Student Apartments were created to help students in the areas of independence, responsibility, and godly living. Living here offers a setting for you to develop and grow in these things on campus and in the broader community.

As a resident of the Student Apartments, you have been given a privilege that generally only older students receive. The college reserves the right to remove the privilege of living in the Student Apartments from students who are in violation of campus policies.

****This appendix is not in any way comprehensive, but includes some helpful distinctions for apartment residents. Students are still required to read, and will be held responsible for, the information in the Residence Hall Manual.***

A guest may stay a maximum of four consecutive nights once a month.

Guests are under the same regulations as residents. Their hosts are responsible for their actions. A guest failing to comply with regulations will be asked to leave campus.

STANDARDS OF CONDUCT

Apartment residents are living in college-provided housing and are full-time students at the college. Thus, you are expected to abide by the Standards of Conduct that the college enforces. This includes observing the “open hall” policies, other college and campus rules (parking, etc.), and the prohibition of tobacco, alcohol, or other drug possession or use, on or off campus. Details about these expectations can be found in the Student Handbook, available on the Covenant College website.

LAUNDRY FACILITIES

Washers and dryers are available for apartment students' use. These are located in the laundry building behind apartment #16. If you encounter any service problems with these machines, please call the service company, whose number is provided in the Laundry Room. Please do not prop the laundry room door open for your own convenience or for others' access. The laundry house is available for use by the apartment residents only.

FURNITURE AND DECORATING YOUR APARTMENT

1. Furniture is not to be dismantled (beds may be unbunked) or moved into or out of any apartment. All furniture must remain in the original apartment unless given permission by the Resident Director.
2. Furniture is not allowed to be moved or left outside.
3. All Non-Covenant furniture/couches must be removed at the end of the year and stored off campus.
4. Sticky tack, or tacks should be used for hanging anything from the walls in the apartments. If you use nails, you run the risk of receiving a room damage fine.

6. Window screens must remain latched and in place as a matter of safety, security and maintenance.
7. The porch area is to only have "outdoor" furniture and to be kept free from clutter and trash. Non-compliance will result in a fine.
8. Media, posters, flags, etc... that is or borders on being pornographic, obscene, or offensive is prohibited.

Motorcycles must be parked in the gravel parking area by the apartments. They may not be parked on the grass or on your porch. Cars must be registered, as a Student Apartments Vehicle, and cannot park in any other zones on campus. You are responsible for all tickets on your vehicle, whether or not you were the one driving it at the time it was ticketed. Please refer to the Parking Regulations Handbook for additional information.

STORAGE

Student Apartment Storage is located on the 4th floor of Andreas. Storage Access hours are Mon-Thur 7-10pm. Storing items in the crawl space under the apartments is prohibited.
